

ADVANTAGES

- Saves labor and manufacturing downtime with its shorter temperature rise cycle. The only HEPA filter that can comply with the most stringent FDA GMP requirements.

Application	High temperature ovens in pharmaceuticals and clean process manufacturing.
Frame	Composite ceramic
Gasket	Braided glass fiber
Media	Glass fiber
Separator	Glassfiber
Temperature max. (peak)	343° C, 650° F
Relative Humidity max	90%
Comment	99.99% at 0.3 micron. See Literature 1816 for more details.
